"I recognize

Power passing mine, immeasurable,

God."

-ROBERT BROWNING

Though its reach may exceed our grasp, yet we realize that through its beneficence, Atomic Power can be for the "glory of the Creator and the relief of man's estate." With faith in its ultimate destiny for the uplift of man, and knowing that the only limit of our realization of tomorrow will be our doubts of today, we, with a spirit of optimism, dedicate this volume of THE PIRATE LOG to the Atom, a newly found source of Power.

AGNES NOBLE

Head of English Dept.

A New Energy Is Born!!

The electric light bulbs in this photo show the first known use of electric power from atomic energy.

The Radiation of the New Energy

Within the last half century civilization has experienced two major wars, a "police action" with millions of casualties, a prolonged depression, inflation, labor troubles and rapid changes in political and moral inclinations and attitudes.

We have not only increased man's life expectancy, but have developed ways of killing him more efficiently. While part of the world struggles through malnutrition and even physical hunger, great have been our technical accomplishments—meager our social advances. As H. G. Wells so wisely said, "Human History becomes more and more a race between education and catastrophe." Get in the race!

IRVIN W. SPENCER Superintendent

my association most pleasant

Superintendent's Message

Principal's Message

So long as you shall live you will be a representative of Butte High School. May the memories evoked by the pages of this yearbook always be pleasant ones, and may your pride in your Alma Mater never diminish. We who remain are proud of your achievements, we salute you and wish you Godspeed in the challenging years ahead.

It is my hope that you have this year put your own hand, heart, and humor to the task of preparing yourself for the kind of life to which you aspire.

In this free democratic country of ours, we find that we as individual citizens have many privileges, and we sometimes forget that with each privilege there is a like responsibility which we must bear if our country is to continue to make progress.

C. E. McBRIDE Principal

Mr. Harry Pearson, Superintendent Irvin Spencer, Mr. Byron Sherman, Mr. Emlen Mays, Mrs. Nounda Merrill, Mr. Jack McAffee.

School Board

We wish to thank our School Board for their everpresent interest and leadership during our high school years. What they have done in our behalf will serve as an inspiration for us to strive toward even greater achievements in the future.

This year's basketball team is one of the finest in Butte's history. Losing only 5 games and of these only 3 to league teams, this team was well-coached.

BOB TWEEDY

The two games pictured on the opposite page were against Mackay. The top one being played here, the bottom one there. Both games were very close with Mackay winning the first one 42-40 and winning the second one 41-38.

Both games were exciting.
